

**PHY2010 Schermerhorn Tour**

Name: \_\_\_\_\_

**Questions:**

1. (Your own, write in:)

2. (Your own, write in)

3. What is an "acoustic isolation joint"?

4. What mechanism(s) is/are in place, by which the reverb time in the hall can be adjusted?

5. What are the (EAW) speakers in the balcony boxes used for?

6. What is noteworthy about the ventilation system, that makes it so quiet?
